

**Attachment to Data Center Services
Service Component Provider
Master Services Agreement**

DIR Contract NO. DIR-DCS-SCP-MSA-002

Between

**The State of Texas, acting by and through
the Texas Department of Information Resources**

and

ACS State & Local Solutions, Inc.

**Attachment 4-B
Financial Responsibility Matrix**

30-Dec-11

Meaning of Headings

Item	Description
Assets	Unless otherwise specified, this classification applies to all assets that are used to provide the Services.
Asset Allocation Capital / Lease Cost	Who has financial responsibility for purchase and/or lease cost of underlying Equipment?
Existing State Owned Assets/Licenses	Who paid for the State Provided Equipment that existed at Commencement Date that is used to provide the Services?
Existing TIT Owned/Leased Assets/Licenses	Who is financially responsible for the acquisition of the Equipment identified in Exhibit 10 and the lease cost of the Equipment identified in Exhibit 12 . Existing Equipment means installed in a DIR Customer's Production Environment as of the Commencement Date.
Software Licenses / Transfer Fees	Who is financially responsible for Software licenses and transfer/access fees (license and maintenance) for products used to provide the Services from Commencement Date forward?
Software Currency	How current does the Software need to be? N means the current production version that has been released by the vendor. N-1 means the release previous to the current release. Financial responsibility determined in accordance with Software Releases/Upgrades/Enhancements.
Future/Asset Refresh	Equipment shall be refreshed in accordance with applicable Refresh cycle and Service Provider's other technical currency obligations in the Agreement. If new Equipment is needed or Equipment needs to be refreshed, who pays for the Equipment? Refresh includes any cabling, wiring, server racks, PDUs, etc., necessary for the Equipment to be installed and to be operational. These costs are not chargeable through the HW Charge.
Refresh Cycle	Maximum number of years before each item of Equipment is refreshed. Where a period of years is specified, such period begins on the date such Equipment was installed in the Production Environment. Refresh cycles are applicable to existing equipment in the environment at Commencement as well as new equipment procured post-Commencement.
Releases / Upgrades / Enhancements	If the Equipment needs to be upgraded or enhanced, who pays for the additional Equipment? If new release of the Software are needed, who pays for the Software? Financial responsibility includes upgrade from n-1 to n where required, based upon Application requirements.
Growth	If more Equipment, Software or additional licenses of this type are required due to growth, who pays for the additional Equipment? Equipment shall be provided, as needed, to meet increased volumes. In the event Service Provider is financially responsible for growth and the indicated charging mechanism is Base/Variable, the Service Provider must account for all growth costs in the ARC rate used to price incremental volumes. Growth includes any cabling, wiring, server racks, PDUs, etc., necessary for the Equipment to be installed and to be operational. These costs are not chargeable through the HW Charge.
All Taxes (Sales / Services/ Value Added / Excise Tax)	Who pays the taxes in accordance with the Agreement?
Inflation / Deflation	Who is financially responsible for inflation / deflation that impacts any Personnel-related line items? Refer to Exhibit 4 for Economic Change Adjustment terms and methodology.

Meaning of Headings

Item	Description
Charging Mechanism	By what mechanism is this item paid for? The Charging Mechanisms used in this Attachment 4-B are: 1. Base/Variable - included in Monthly Base Charges; Variable = ARCs/RRCs apply to volume changes; Refer to Exhibit 4 . 2. Pass-Through Expenses - Refer to Exhibit 4 . 3. Retained - State contract with no State payment to Service Provider. Service Provider has no financial responsibility for payment to third party. 4. HSC = Hardware Service Charge; refer to Exhibit 4 5. SSC = Software Service Charge; refer to Exhibit 4
Maintenance Contract Expenses	Who has financial responsibility for Maintenance contracts for the Equipment?
Maintenance	Who pays for the break/fix, preventative maintenance and spare parts for this item?
Charging Mechanism	By what mechanism is this item paid for? The Charging Mechanisms used in this Attachment 4-B are: 1. Base/Variable - included in Monthly Base Charges; Variable = ARCs/RRCs apply to volume changes; Refer to Exhibit 4 . 2. Pass-Through Expenses - Refer to Exhibit 4 . 3. Retained - State contract with no State payment to Service Provider. Service Provider has no financial responsibility for payment to third party. 4. HSC = Hardware Service Charge; refer to Exhibit 4 5. SSC = Software Service Charge; refer to Exhibit 4
Support / Operational Expenses	Who has financial responsibility for support and operational expenses relating to the assets?
Administrative Procurement	Who procures the item including managing the bidding process and receipt, payment and associated invoicing activities
IMAC	Who performs Installations, Moves, Adds and Changes for the asset? Includes planning and implementation.
Invoice Verification	Who has operational responsibility to verify the invoices (purchase, maintenance) from the Third Party Vendors?
Maintenance	Who pays for the break/fix, preventative maintenance, spare parts, and software maintenance for this item? If SP, SP will reimburse TX for prepaid maintenance. For Mainframe, Print, Data Center, and Network this column also determines who pays for maintenance contracts (Server Maintenance contracts are covered in the Maintenance Contract Expense section)
Operations & Support	Who provides the Services to support the software and assets including configuration, restarting, operating, troubleshooting, etc.
Removal & Disposal	Who is responsible for removing the Equipment from the environment? State receives any net benefit after disposal of Client owned Equipment. Service Provider receives any benefit after disposal for all other Service Provider owned Equipment. Includes planning and implementation.
Disaster Recovery	Who provides disaster recovery services for this item?
Services Tax	Who pays taxes that are based upon operations of such Services?
Inflation / Deflation	Who is financially responsible for inflation / deflation that impacts any Personnel-related line items? Refer to Exhibit 4 for Economic Change Adjustment terms and methodology.

Meaning of Headings

Item	Description
Charging Mechanism	<p>By what mechanism is this item paid for? The Charging Mechanisms used in this Attachment 4-B are:</p> <ol style="list-style-type: none"> 1. Base/Variable - included in Monthly Base Charges; Variable = ARCs/RRCs apply to volume changes; Refer to Exhibit 4. 2. Pass-Through Expenses - Refer to Exhibit 4. 3. Retained - State contract with no State payment to Service Provider. Service Provider has no financial responsibility for payment to third party. 4. HSC = Hardware Service Charge; refer to Exhibit 4 5. SSC = Software Service Charge; refer to Exhibit 4
Personnel	
Salary, Benefits, Add'l Comp	Who pays for all Personnel compensation including salary, benefits, bonus, other additional compensation and payroll taxes?
Travel	Subject to Pass-Through Expenses in Exhibit 4 , who pays for Personnel travel?
Training	Who pays for training of Personnel? Includes all training except those that are mandated by Client.
Relocation	Who was responsible for any relocation of Transitioned Personnel when they transitioned to Service Provider?
Inflation / Deflation	Who is financially responsible for inflation / deflation that impacts any Personnel-related line items? Refer to Exhibit 4 for Economic Change Adjustment terms and methodology.
Increase / Decrease in Staffing	If staffing increases, who pays for the extra staff? If staffing goes down, who gets the benefit?
Severance	If Personnel separate after being hired by Service Provider and severance is owed, who pays the severance payment?
Retention Payments	If retention payments are made to all or selective Personnel, who pays the retention payment?
EUC Devices (2)	Who is responsible for the employees Laptop, Desktop, Printers, Mobile Phones, etc.
Background Checks	Who is responsible for background checks as described in Attachment 17-A ?
Office Space	Who is responsible for the employees office space?
Charging Mechanism	<p>By what mechanism is this item paid for? The Charging Mechanisms used in this Attachment 4-B are:</p> <ol style="list-style-type: none"> 1. Mgt Fee/RUs - The Service Charges; Refer to Exhibit 4. 2. Pass-Through Expenses - Refer to Exhibit 4. 3. Retained - State contract with no State payment to Service Provider. Service Provider has no financial responsibility for payment to third party.

N/A = Not Applicable

SP = All Service Providers

SP - MF = Mainframe Component Provide

SP - SV = Server Component Provide

SP - PM = Print - Mail Component Provide

SP - MSI = Multisourcing Service Integrator

SP - NW = Network Component Provide

SP - DC = Data Center Component Provide

TX = DIR or DIR Customer

Unless otherwise noted, all financial responsibility designations noted in this matrix apply to both Consolidated and Non-Consolidated environme

Note 1: Designates financial responsibility for the purchase and/or lease cost of the underlying hardware asset

Note 2: Includes Disaster Planning and implementation and provision of Disaster Recovery and Crisis Management Services. The cost for all DR Services are included in the base charges, no additional fees or charges shall be payable for any services related to Disaster Recovery preparation or response, including declaration

Note 3: Includes cabling required to connect pieces of Equipment and from Equipment to network port

Note 4: TTT = Team for Texas, includes IBM and IBM Partners currently providing services to DIR Customers under the DCS agreement

Note 5: IBM will transfer to ACS ownership of equipment owned by IBM that was installed and in use as of June 30, 2011, at the Austin and San Angelo Data Centers, as well as other State facilities. All other in-scope equipment purchased at FW

Note 6: As of the Effective Date, TX is exempt from any Service Taxes assessed by the State

Note 7: "Support Center Equipment" includes all Equipment necessary to operate the Support Centers, including command center consoles, personal computers, monitoring Equipment and print

Note 8: Mainframes must be capable of running the current ("n") or next to current ("n-1") version of the applicable System Software within six (6) months of the general availability of such System Software.

Note 9: SP is not financially responsible for software license and transfer fees if using the State's software licenses, but is responsible for the maintenance costs under those licenses. SP has the option to procure maintenance under its own enterprise agreements if the maintenance is less expensive, but is then responsible for any software licenses

Note 10: SP is not financially responsible for Software AC

Note 11:

N/A = Not Applicable
SP = All Service Providers
SP - MF = Mainframe Component Provider
SP - SV = Server Component Provider
SP - PM = Print - Mail Component Provider
SP - MSI = Multisourcing Service Integrator
SP - NW = Network Component Provider
SP - DC = Data Center Component Provider
TX = DIR or DIR Customer

Unless otherwise noted, all financial responsibility designations noted in this matrix apply to both Consolidated and Non-Consolidated environments.

- Note 1: Designates financial responsibility for the purchase and/or lease cost of the underlying hardware assets
- Note 2: Includes Disaster Planning and implementation and provision of Disaster Recovery and Crisis Management Services. The cost for all DR Services are included in the base charges, no additional fees or charges shall be payable for any services related to Disaster Recovery preparation or response, including declaration fees.
- Note 3: "Storage" includes internal, external, optical (including platters) and shared / leverageable disk pools and Utility Servers used for storage management in all locations (i.e. Consolidated and Non-Consolidate locations).
- Note 4: Server backup financial responsibilities apply to both Consolidated and Non-Consolidated locations. Refresh of Non-Consolidated equipment to be included in the Transition and Transformation Charges.
- Note 5: Cabling is TX, any necessary connecting device (e.g. NIC) is SP - SV. **Exhibit 18** should illustrate responsibilities. All connections inside the rack and/or cabinet are the responsibility of the Service Component Provider (e.g. SP - SV)
- Note 6: TTT = Team for Texas, includes IBM and IBM Partners currently providing Services to DIR Customers under the DCS agreement.

Note 7: IBM will transfer to ACS ownership of
Note 8: As of the Effective Date, TX is exempt from any Service Taxes assessed by the State.
Note 9: Hold
Note 10: Hold

- Note 11: All travel and living expenses incurred by SP for travel to DIR's Sites are included within the Charges. Third party moving expenses approved by DIR to perform an IMAC involving the relocation of Equipment from one DIR Site to another DIR Site, excluding those as part of Transformation, shall be invoiced to DIR on a Pass-Through basis. Moves within the same building are included in Base Charges.
- Note 12: Includes cabling required to connect pieces of Equipment and from Equipment to network ports.
- Note 13: Server categories are described in **Exhibit 4**, Section 20.4.1.
- Note 14: If a tape cartridge is needed by DIR Customer for do note destroy (DND) purposes, the cost of the media is to be charged as a pass-through.
- Note 15: DIR Customer requested component upgrades billable as a Pass-Through only on Non-Infrastructure servers. Components or upgrades required on Infrastructure servers or required on any server as part of the Server Component Providers' obligation to deliver Service are included in Base Charges and not charged as a Pass-Through.
- Note 16: Refresh during the WITO period performed only as billable projects, with the exception of the infrastructure projects described in Attachment 1
- Note 17: Software currency requirements dependent upon DIR Customer's readiness.
- Note 18: SP is not financially responsible for software license and transfer fees if using the State's software licenses, but is responsible for the maintenance costs under those licenses. SP has the option to procure maintenance under its own enterprise agreements if the maintenance is less expensive, but is then responsible for any software licenses costs.
- Note 19:

The following descriptions are to aid in the interpretation of this Attachment and do not modify, change, or limit the obligations of either Party with respect to the relevant assets or activities as set forth in the Agreement.
Antivirus Software Means Antivirus Software, as such term is defined in **Exhibit 1** (e.g., McAfee, Symantec AV (aka Norton), Trend Micro).
Application Software Means Application Software, as such term is defined in **Exhibit 1**.

Application Utilities	System Software that provides an addition to the capabilities of Application Software or COTS that allow for dynamic tailoring of the functionality (e.g., Cognos, SAS, Filenet, ERIS ARCxxx, Crystal Reports, Citrix, SQL Editor, Webtrends).
Compilers	System Software used to convert source code to executable code (e.g., Cobol, MicroFocus Cobol).
Database Management Software	System Software used to access structured data and usually provides functionality for ad-hoc queries, data retrieval and generating reports (e.g., Oracle, Informix, SQL Server, DB2, Sybase).
Development Tools	Means Development Tools, as such term is defined in Exhibit 1 (e.g., Front Page, test data generators, Visual Basic, .Net, ColdFusion, Rational).
DIR Enterprise License Software	Software that is retained by DIR under an enterprise license on behalf of DIR Customers.
E-mail	System Software that enables the exchange of electronic mail and facilitates the sharing and display of information among teams of people engaged in a cooperative task (e.g., Lotus Notes, Microsoft Exchange, Novell Groupwise).
Infrastructure Management Software	Management Tools used to provide an integrated tool to manage the entire Infrastructure (e.g., Tivoli Storage Manager, Veritas Netbackup, Veritas Backup Exec, Bakbone Netvault).
Middleware	Means Middleware, as such term is defined in Exhibit 1 (e.g., Weblogic, Websphere, MQseries, Apache, BEA Tuxedo, IBM HTTP Server).
Network Software	Management Tools that enable multiple computers to communicate with one another (e.g., Process MultiNet, Attachmate, Fluke OpitView, Primesupport Sniffer, VPN, firewall software)
Operating Software	Means Operating Software, as such term is defined in Exhibit 1 , excluding Application Utilities, Compilers, Database Management Software and E-mail / Collaborative Software (e.g., AIX, HP/UX, Solaris, Windows - including embedded functionality, Netware, Linux, AS400, GCOS).
Security Software	Management Tools that are used to restrict access to the data and files on a Server (e.g., ISA, SSH, Proxy, Radius, Websense, Surfcontrol, Tivoli Access Manager).
Utility / Monitoring & Management Software	Management Tools that facilitate the management, monitoring, and performance tuning of Equipment and Software, whether located in a Data Center or remote location (e.g., IBM Tivoli Distributed Monitor, Zenworks, Microsoft SMS, IBM Tivoli Configuration, Tivoli Software Distribution, Tivoli Enterprise Console, Tivoli Workload Scheduler, Remedy suite of Software, RMS Control, Remotely Anywhere, CA vShell, SMS).
CAL	Client Access License, referring to Microsoft Corporation's name for rights that must be purchased and enabled to allow for various email/collaboration functionality on Windows-based Servers.

N/A = Not Applicable
SP = All Service Providers (see footnotes for clarification)
SP - MF = Mainframe Component Provider
SP - SV = Server Component Provider
SP - PM = Print - Mail Component Provider
SP - MSI = Multisourcing Service Integrator
SP - NW = Network Component Provider
SP - DC = Data Center Component Provider
TX = DIR or DIR Customer

Unless otherwise noted, all financial responsibility designations noted in this matrix apply to both Consolidated and Non-Consolidated environment
Note 1: Designates financial responsibility for the purchase and/or lease cost of the underlying hardware asset
Note 2: Includes Disaster Planning and implementation and provision of Disaster Recovery and Crisis Management Services. The cost for all DR Services are included in the base charges, no additional fees or charges shall be payable for any services related to Disaster Recovery preparation or response, including declaration
Note 3: Includes wiring and cabling inside (behind) the walls as well as from the walls to the network interface device. All connections inside the rack and/or cabinet are the responsibility of the Service Component Provider (e.g. SP - DC)
Note 4: TTT = Team for Texas, includes IBM and IBM Partners currently providing Services to DIR Customers under the DCS agreement
Note 5: SP will assume leases for TX Equipment and TTT Equipment, excluding Equipment procured through MLPP financing and excluding TTT owned equipment. In addition, SP will buyout existing TTT Equipment leases that are unassignable.
Note 6: As of the Effective Date, TX is exempt from any Service Taxes assessed by the State
Note 7: All travel and living expenses incurred by SP for travel to DIR's Sites are included within the Charges. Third party moving expenses approved by DIR to perform an IMAC involving the relocation of Equipment from one DIR Site to another DIR Site, excluding those as part of Transformation, shall be invoiced to DIR on a pass-through basis.
Note 8: Any service provided out of SP Service Delivery Centers is financial responsibility of that SP.
Note 9: Software currency requirements dependent upon DIR Customer's readiness
Note 10: If existing equipment was purchased via the HSC, it is a Service Provider-owned asset with maintenance coverage. All future UPS - Standalone devices and associated peripherals such as batteries should be managed and maintained by Service Provider.
