

Cloud Assessment Pricing

The price for each Cloud Assessment will be determined based upon a pre-engagement meeting with the customer to determine the scope of the assessment. Assessment teams are given oversight by PwC risk and quality teams at no additional cost to DIR Customers.

Factors that can influence the price, scope and or schedule of a Cloud Assessment include, but are not limited to, the appropriate resource mix and effort levels. PwC shall provide the engagement fees at a Cloud Assessment fixed rate of \$225.00/hr.

Service Categories	Fixed Hourly Rate
Cloud Assessment	\$225.00

Service Categories	Customer Discount % off MSRP	Customer Discounted Price
