Appendix C Pricing Index

Infrastructure as a Service

AT&T Synaptic Storage as a Service provides Customer data storage on multitenant storage platforms located at designated AT&T Internet Data Centers on an on-demand, increment of usage basis. Customer designated devices having either internet or private network connectivity load data into storage and/or access data stored using an Application Programming Interface (API). Usage charges are measured in storage increments (e.g., gigabytes, terabytes). A data transfer charge applies to data retrieved by Customer from storage when using a public internet connection. Customer data remains in the Continental US at all times.

Infrastructure as a Service

Service	Customer Discount (includes DIR Administrative Fee)
Pay-as-You-Go and Reserved Capacity AT&T Government Cloud Powered by CSC – Compute as a Service	5% off MSRP
Pay-as-You-Go Storage as a Service	20% off MSRP
Pay-as-You-Go Storage as a Service for Government	20% off MSRP
Technical Services	
Proof of Concept	\$480 (4-hour minimum @\$120/hour; incremental hours available at \$120/hour)
Dev/Test/QA/Prod Setup, Configure & Deploy	\$480 (4-hour minimum @\$120/hour; incremental hours available at \$120/hour)
Backup and Recovery	\$960 (4-hour minimum @\$120/hour; incremental hours available at \$120/hour)
Website Load and Testing	\$1,250 – Level 1 minimum, additional tests and loads available

Cloud Assessment

Service	Customer Price (includes DIR Administrative Fee)
Cloud Workshop Engagement	\$ 12,450.00
Cloud Strategy and Roadmap Engagement (assuming three or fewer Data Centers)	\$ 124,500.00
Business Continuity/Disaster Recovery Strategy and Roadmap Engagement (One Data Center)	\$ 156,870.00
Data Center Facility Assessment (One Data Center)	\$ 83,000.00
Data Center Migration Planning Engagement (One Data Center)	\$ 116,200.00
Data Center Consolidation Strategy and Roadmap Engagement (assuming five or fewer data centers)	\$ 149,400.00
Data Center Infrastructure Design	\$ 27,390.00
Data Center Migration Engagement	\$ 23,240.00

Cloud Technical Services – Labor Categories

Labor Category	DIR Customer Price (includes DIR Administrative Fee)
Lead Architect	\$216.75
Virtualization/SAN Architect	\$206.80
Network Architect	\$184.89
Server Architect	\$198.00
BC/DR Architect	\$216.75
Virtualization/SAN Specialist	\$180.40
Network Specialist	\$180.40
Security Specialist	\$220.00
Server Specialist	\$180.40
