***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include transportation and delivery under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

SECTION-3 SELF PERFORMING JUSTIFICATION (If you responded "No" to SECTION 2, Item a, you must complete this SECTION and continue to SECTION 4.)

If you responded "No" to SECTION 2, Item a, in the space provided below explain how your company will perform the entire contract with its own employees, supplies, materials and/or equipment, to include transportation and delivery.

Summary: Serenity Infotech, Inc (Serenity) has been in the business of providing IT Supplemental Staffing for over 17 years and the majority of our consultants are direct employees of Serenity. In addition to the screening and sourcing of our Recruiting Process, we have implemented a strict Background Check Policy. We pride ourselves in retaining our employees and have long term tenure with most of our consultants and consulting engagements. We offer visa sponsorship for those candidates who would not otherwise have opportunities in the US. We have unmatched employee benefits and enjoy a very low employment turnover rate.

Serenity Recruiting Process: From the first Client Requirement to On boarding our employee at the client site, the following steps are strictly followed:

- Requirement is assigned to a recruiter of record for that particular account
- Recruiter first checks Serenity's employees who are available and who will be available by the date specified in work request
- Recruiter then checks Serenity's own large recruiting database, Akken ATS, for suitable and available candidates
- The requirement will then be posted on several of the niche job boards we use and will be searched in external databases as well
- From the search results the recruiter will prequalify candidates based on availability, pay rate and communication. They also, obtain a "Right to Represent" (RTR) so as to avoid double submission
- Recruiter will then shortlist 3-4 resumes per requirement which will be submitted to Recruiting Manager
- Recruiting Manager will review, then accept or reject submitted resume(s)
- Recruiter will schedule technical screening by one of the Serenity Infotech Subject Matter Experts (SME's). This involves additional screening of resume(s) and a brief technical phone screen
- Resumes of the candidates found to be technically/functionally sound are formatted on Serenity letterhead or as per the guidelines provided by the client. Resumes are forwarded to Account Manager along with candidate template verifying all the required details of the candidate
- Account Manager talks to the shortlisted candidates to further evaluate their fit for team dynamics and client work culture
- Recruiting Manager performs an e-Verify
- Account Manager submits resumes to the point of contact or VMS as required by the client along with proper forms, references, and any other information as instructed.
- Client interview requests are communicated directly to the candidate and confirmation is sent to the client manager immediately
- Account Manager performs an interview preparation checklist with all candidates including a review of the position details, project information, client's story and corporate culture.
- Candidate selection includes confirmation of pay rate to consultant and bill rate to client; establishing a start date and relocation plan; background screening if not previously completed; and all paperwork associated to the client's hiring process
- Serenity HR competes a full orientation before start date
- Once candidate is onsite for two weeks there will be a follow up with the manager for status on candidate's performance, and thereafter on a monthly basis

Background Check Policy: Depending on the needs of the client, all or some of the following are performed: Criminal History for Federal, State and County, Social Security Trace, Motor Vehicle Record, e-Verify, Patriot Act, Credit Check, Employment Verification, Education Verification, Drug Screen, Two employment and/or two personal references.

Serenity obtains written consent from all screened and qualified candidates allowing us to run a full background and to share results with the client. Serenity currently maintains accounts with and utilizes the service of several background companies including Infocubic, Shield Screen and Verifications Inc..

Visa Sponsorship Policy: Our objective is to have a direct relationship with all candidates, so we have successfully deployed a very rigid and proven visa sponsorship program that allows us to be the employer of record for our foreign national consulting staff. We have worked with the same law firm for more than 15 years and there is a direct line of communication with the lawyer, candidate and Serenity. Following are the steps followed after initial screening described above in the Recruiting Process:

- Determined if the individual meets the criteria of the Immigration and Naturalization Service's (USCIS) five occupation-based categories for permanent
- Submit a labor certification (LCA) request—Form ETA 750—for the applicant to the Department of Labor's Employment and Training
- Obtain LCA approval
- File an immigrant visa petition—I-129, Petition for Alien Worker. Then the State Department gives the applicant a number, which means an immigrant visa has been assigned to the applicant.

Retention/Benefits: Serenity pays the highest salaries possible. We maintain a very low overhead and we pass on the majority of the client bill rate to the folks who are doing the work. In most cases, our consultants know the exact margin on their placement and they know if an increase is paid by the client, it will be passed on to them directly in their pay rate. Knowing the rate and getting rate increases, having a variety of benefits and options, and working on state of the art technology at the client site keep our consultants very content. Serenity has a very low attrition rate and has a wonderful track record with successfully completing client assignments with very few early terminations.

Serenity provides benefits that are equivalent to the Fortune 500 including: Medical, Dental and Vision Insurance, 401K participation with corporate matching, PTO (Paid Time Off) accumulated at a monthly rate equivalent to the tenure of the employee to cover vacation, sick and holiday pay, Education Reimbursement, Visa Sponsorship, Relocation Assistance and Corporate Housing.

We offer several options for employment to give every consultant the option that works best for their personal circumstances including: Full time salary employment with full benefits, W2 employment with select benefits, W2 employment with no benefits, 1099 independent employment

Quality Statement At Serenity Infotech, we believe that quality is a culture, expressed in the way we interact and service our customers, and in the products and processes we deliver to them. So while we have met several external quality parameters, we are even more stringent about setting and meeting our own exacting standards. At Serenity Infotech, Quality is a continuous improvement process, which reflects our emphasis on making every member in the company part of the Quality processes and methodologies.
